Adoption  
Presentation:**

Dr. Bennardo thanked the members of the audience for joining the Board of Education this evening. Dr. Bennardo acknowledged that the District was receiving an additional \$357,190 in additional state aid. He then reviewed the Tax Levy Cap Worksheet and provided a brief synopsis of the Cap and State Aid received for the past four years, with the 2017/2018 school year yielding a 1.42% Cap, a \$1,562,362 increase, with State Aid of \$1,635,271. Dr. Bennardo also shared that of the aid increase, \$543,319 were in the form of reimbursables; he then provided an explanation of reimbursables and how the state aid changed accordingly from year to year. For an example, the District can be reimbursed for items that were submitted two years ago. Moving on, Dr. Bennardo shared that the \$357,190 in additional state aid was recommended to be placed in Transfer to Capital, which would amount to \$1,057,190 allocated. Dr. Bennardo explained the Current Services Plan with the continuation of classroom staffing and programs at current levels with all accompanying salaries/benefits computed at next year's rates; staffing of district support staff, maintenance, custodial and grounds services at the same thresholds with all salaries/benefits computed at next year's rates; a roll-forward of district financial obligations with both increased (health care and fuel) and decreased (pensions) cost adjustments factored; and an ongoing pursuit of grant and other revenue opportunities that can be utilized to enhance current services, while remaining budget neutral.

Dr. Bloom provided a summary of what the District was able to do in this current school year—namely, adding new Science and Math Instructional

support positions, enhancement of the high school Science Research Program, the addition of a 4<sup>th</sup> period lunch, as well as Saturday courses to expand course offering opportunities at Walt Whitman High School, the addition of Coding at the primary grades, expanded theater opportunities to a K-12 program, a middle school dance competition program; and increased services that included a Saturday Creative Arts Therapy program and Introduction to Dance from the tenants at the old library. Furthermore, additional high school course opportunities were reviewed that will take place in 2017/2018 with no new costs, as well as the various Technology purchases secured through the Smart Schools Investment Plan, and an after-school Coding program that had been offset by summer programs and grants.

Dr. Centamore provided an overview of the Facilities accomplishments that were made possible through an allocation of \$1,000,000 Transfer to Capital and an allocation of \$900,000 for the 2016/2017 school year. These projects included: Exterior/interior painting in all schools and the Teen Center, curbing and sidewalk repair at Countrywood, WWHS Track refurbishment, renovation of Stimson Boys Locker Room, the final finishes to the Walt Whitman High School's Performing Arts Center Canopy, the District Office Playground, the renovation of the Stimson Lobby, as well as projects to commence shortly. The Facilities planning for the 2017/2018 was reviewed. With the allocation of \$900,000 for buildings and grounds maintenance, as well as the \$1,057,109 (with Board approval), the following would be scheduled: Continuation of exterior/interior painting, curbing/paving/sidewalk refurbishments, the District Office Conference Room renovation, District-wide exterior lighting upgrades, Walt Whitman High School Student Services Suite renovation, Teen Center facility renovation, replacement of water heaters in various buildings, and the Main Office of the high school renovation. Dr. Bennardo shared that our high school has held tournaments with various outside groups, and the care and upkeep of our assets provided tremendous value to our community.

Dr. Centamore spoke regarding Transportation; the amount of \$221,000 had been budgeted for the purchase of two large propane buses. Dr. Centamore shared that there was an eye on the environment and fuel efficiency with these purchases. Dr. Bennardo shared that the Comptroller had "barked" at the District for its prudent savings, however, now the Comptroller's stance was to spend the reserves. Dr. Bennardo reported that the goal for 2017/2018 was to maintain, preserve and sustain the gains made, while continuing the collective efforts to build upon and enhance all programs and services in a fiscally prudent, yet creative manner.

Dr. Centamore provided a quick review of the projected class sizes, and gave credit to the past attention of the Board and Administration to bring the sizes down from several years ago. Dr. Centamore addressed the allocation of \$1,000,000 in the current budget; the same allocation was recommended for 2017/2018. Additionally, because of the low tax cap

levy and the moderate state aid increase, an allocation of \$894,000 was also recommended from reserves, bringing the total use of reserves for 2017/2018 of \$1,894,000. Dr. Centamore stressed that the District was able to utilize these reserve funds due to prudent savings intended for a year such as 2017/2018, where revenues will be low. Dr. Centamore provided a review of the reserves from 2012 to 2016, and then shared the recommendation on the use of reserves as follows:

Employee Retirement System Reserve	\$1,000,000
Workers' Compensation	\$432,265
Employee Benefits Accrued Liability	\$300,000
Tax Reduction	\$161,488
<b>Total Reserves (to be replenished where possible)</b>	<b>\$1,893,753</b>

Dr. Centamore continued and provided a synopsis of the 2017/2018 Budget Expenditure with updated state aid projections as follows:

Taxation (Levy Cap)	\$112,183,534
State Aid	\$35,090,153
ERS Reserve	\$1,000,000
Tax Reduction Reserve	\$161,488
EBALR Reserve	\$300,000
Workers' Compensation Reserve	\$432,265
APPR Fund Balance	\$4,900,000
Other (Estimated)	\$8,727,400
Total Revenues	\$162,794,840
Expenditures	\$162,794,840
<b>Budget for 2017/2018 School Year</b>	<b>\$162,794,840</b>

Dr. Centamore spoke to the assessed value history for the past five years, which had steadily declined from just under \$44,500,000 in 2013/2014 to just less than \$43,000,000 for 2017/2018.

Dr. Bennardo concluded the presentation by reporting the budget for 2017/2018 recommended for adoption was \$162,794,840, with a tax cap levy of 1.41%, a 2.38% change from 2016/2017. There were no questions from the Board, nor any from the audience. Dr. Bennardo gave credit to the Board of Education for their trust and direction, and shared that it was a collective effort, and thanked everyone involved in the process.

Motion carried unanimously.

Mr. Ciappetta thanked Dr. Bennardo for the work involved with the budget process and concurred with the Transfer to Capital recommended. Mrs. Brieff shared that she thought it was the right decision for the reasons that were explained during the presentation. Mr. Nitkewicz stated that with the tax cap era, there was only so much decision making, but it required very creative thinking by the administration and Board members. He stressed the significance of advance planning by putting money aside for our facilities. He commented that “we were at the mercy of Albany.” He added that strangely we were punished by our own success. Mr. Nitkewicz thanked all involved with the budget process and remarked that there was no controversy, and he was very grateful for that. Mrs. Brieff commented that the District’s stability was something the Board and Administration should be proud of, and shared that she agreed that grants were an excellent source to move the District forward, and concurred with making the most of what we have.

Mr. Ciappetta asked the Board members if they concurred with the

recommendations made during the presentation; Mrs. Brieff responded affirmatively, and stated that maintaining our facilities was paramount, not doing so would cost the District more in the long run. Mr. Ciappetta added that the transparency with the process was very much appreciated.

Mr. Nitkewicz took a few moments to address the fact that this was the last budget process that this Board will have with Mr. Kaden, as Mr. Kaden will no longer be on the Board of Education after June 30, 2017. He stated that Mr. Kaden was the most humble man he knew, and certainly the smartest. He remarked that it was almost intimidating to know that Mr. Kaden will no longer be a Board member. Mr. Nitkewicz further added that during previous budget processes, Mr. Kaden continuously was a great resource, accessible to all Board members, and this evening, Mr. Nitkewicz revealed that he felt an obligation to acknowledge what a phenomenal influence Mr. Kaden was to our community. He added, while we did not always agree, Mr. Kaden was one of those rare people who understood your position, explained his position, and continued the discussion without an argument. Mr. Nitkewicz concluded his comments and expressed his appreciation for having had the opportunity to work with Mr. Kaden on the Board of Education.

Dr. Bennardo expressed his gratitude for the trust that was placed with the development of the budget and for the civil and professional tone demonstrated throughout.

Mr. Nitkewicz reported that he had participated in Silas Wood's Career Day, and added how much he enjoyed the students. He jokingly shared that his career as an attorney appeared to be quite boring when compared to a video-graphic designer.

Mr. Ciappetta spoke to the additional \$300,000-plus in state aid that was provided to South Huntington, and also to the various "powers" that the Governor received during the budget process. The Governor now has unilateral control of the budget process if the Senate and Assembly do not concur within 60 days. This was now a reality, and a dark cloud on the horizon. Mr. Ciappetta also shared that Mr. Nitkewicz was recently
