Moment of Silence: Mr. Kaden asked for a moment of silence in remembrance of Assemblyman James Conte, who passed away on October 16, 2012.

The Gift at the Rose Center: Dr. Bennardo introduced Mr. Steven Chassman, a clinical social worker with the Long Island Council on Alcoholism and Drug Dependence. Mr. Chassman thanked the Board for allowing him to speak about The Gift at the Rose Center, a residential and outpatient rehab center. Mr. Chassman noted that in the fifty-seven year history of the Council, they had never been as busy as they were now. Mr. Chassman noted that they now saw adolescents suffering from addiction at rates never seen before and it was becoming a national health care epidemic. Mr. Chassman stated that there was a meeting recently at St. Patrick's Church in Huntington that featured twenty-five families who had lost children to addiction. Mr. Chassman noted that there had been 370 fatal drug

overdoses on Long Island this year involving adolescents. Mr. Chassman stressed the importance of early intervention. Mr. Chassman stated that currently there was no place for adolescents to go to get treatment in an evidence-based program. Mr. Chassman then introduced Nancy Durante. Ms. Durante stated that the facility would accommodate adolescents between the ages of thirteen and eighteen. They would offer a six-week inpatient residential program for boys only for treatment of substance abuse and dependence. Ms. Durante noted that the center would be a fifty-two bed facility with eight beds available for scholarships. Ms. Durante stated that Phase II of the program would be a six-month outpatient program. Schooling would be provided with both phases. The outpatient program would be from 8 a.m. to 5 p.m. It would be a co-ed facility with up to seventy-five patients. It would be the parents' responsibility to bring their children to the facility and pick them up at the end of the day. Mr. Nitkewicz asked about supervision of the patients and security. Rick Migliore of The Gift at the Rose Center stated that the facility would have twenty-four hour security. Their security officers would be retired and off-duty law enforcement officers. They would also have two working dogs patrolling the grounds and sniffing for drugs. It was also noted that the facility would have video surveillance at all times. Mr. Nitkewicz asked if there would be a phone number residents could call with concerns and if there would be staff to field calls. Mr. Migliore acknowledged that there would be a contact person. Mr. Ciappetta asked how many security guards would be on call. Mr. Migliore stated that there would be three or four plus the facility staff. Mr. Migliore stated that parents would have to give the facility guardianship so that they could provide treatment. Mr. Migliore stated that if a patient left the facility, the police would be notified. Mr. Kaden asked about the requirements for outpatient participation. Mrs. Brieff asked if preference would be given to Huntington residents and asked about the difference between this program and Daytop. Mr. Chassman acknowledged that there were Daytop facilities on Long Island but they were a behavior modification program. The Gift at the Rose Center would be an evidence-based treatment program. Mr. Migliore stated that this was a cutting edge treatment program. Mr. Kaden expressed concern about being the resident district. Mr. Kaden questioned whether or not our district would be required to provide education. Dr. Bennardo noted that this was new territory for us as far as our obligation. Mr. Migliore stated that guardianship would be authorization for treatment not guardianship of the child. Mr. Nitkewicz asked Mr. Migliore to forward a copy of the authorization form to Dr. Bennardo. Mr. Ciappetta asked Mr. Migliore if the center would be willing to help the community by providing a program in the schools. Mr. Migliore stated that they would consider it if the community would benefit.

Mr. Migliore noted that the center would require approval from the Town Board, Town Zoning Board, State of New York and Suffolk County which would be approximately a three-month process. Mr. Migliore stated that the work to build out the facility would take an additional six

months with an anticipated opening date of June or July of 2013. Several residents in the audience had questions regarding security. Mr. Ciappetta asked Mr. Migliore to send the Board their security plan. Mr. Chassman concluded the presentation by stating that the center would like to receive a letter of support from the Board of Education.

**2013-2014 Budget
Overview:**

Dr. Bennardo stated that the district wanted to keep the budget in the forefront and that was the reason for tonight's budget presentation. Dr. Bennardo then introduced Interim Business Administrator Larry Light. Mr. Light noted that we were very early in the budget process and that we are in a different place because of the cap and the tax levy. Mr. Light also noted that we were going into the second year of the tax cap. Mr. Light stated that the health insurance rates would change as of January 1, 2013, but, at this time, he did not know the amount and the effect it would have on the budget. Mr. Light also stated that it was too early to determine the budget tax levy. Mr. Light noted that line by line everything would be up for discussion and the administration would make accurate budget recommendations. Mr. Light then turned the presentation over to Dr. Bennardo.

Dr. Bennardo began the budget presentation by stating that this was just an initial conversation about the 2013-2014 budget and the inevitable budget cap:

- The reality of the 2% constraints
- The limits of state aid
- The increases in obligations
- The increasing costs of mandates
- The variables still to be determined
- The gap between our revenue and costs

Dr. Bennardo noted that the goal of this presentation was to start a dialogue about the difficult choices that would have to be made at budget time. Dr. Bennardo also noted that the numbers had been approximated for the purposes of discussion. Dr. Bennardo stated that the numbers did not represent exact spending figures but provided an indication of the general spending required for each program. Dr. Bennardo stated that health care costs could be a 5% difference on the low and high end.

Dr. Bennardo noted that 80% of the budget was salaries. Dr. Bennardo then reviewed the figures for the personnel portion of the budget which was estimated for the purpose of discussion. Dr. Bennardo noted that the savings that would be realized from the reduction of teaching staff would have a very real impact on class size. Dr. Bennardo then reviewed class size numbers if there were teacher reductions. Dr. Bennardo concluded his presentation by reviewing estimates of costs for extra-curricular activities and other expenditures. Dr. Bennardo noted that the district was applying for every grant and looking into corporate sponsorship. Following Dr. Bennardo's presentation, the Board and audience were

given an opportunity for questions and discussion. Mr. Nitkewicz stated that the Board wanted the community to get a look at what the district would be facing with regard to the budget. Mr. Nitkewicz further stated that the community and Board must work together. Mr. Kaden noted that when the Governor released the state budget in January, the district would have a better idea of state aid amounts. A resident asked when decisions would be made as far as extra-curricular activities. She wanted to know as soon as possible so that they could begin fundraising. Dr. Bennardo suggested that they begin fundraising right away.
